Finish Up The Work Of Session.

MATTERS LEFT TO THE COMMISSION

Milwaukee School Fight Is Also Brought For Decision,
And The Old Methods Are Still
To Exist.

[SPECIAL TO THE GAZETTE.]
Madison, Wis., June 11.—The senate today killed the bill to cut off one-third from the present express rates in Wisconsin.

The vote was 17 to 6, the democrats, one social democrat and one republican voting against the killing.

It was represented that this matter is now the subject of a careful investigation being made by the railroad rate commission, which has full authority to act.

CONTRACTS FOR BRIDGE WORK AND BUILDINGS ARE LET

One Firm Has Already Begun Work
and Other Will Within Next
Ten Days.

Contracts for both bridge and culvert work on the double track and for the buildings at the new South Janesville yards have been let by the Chicago & North-Western Railway company. Bates & Rogers of Chicago have been awarded the bridge work and began collecting laborers this morning. They will commence operations within the next ten days and their agreement calls for a completion of the work by October first. The North-Western company will have an immense gang of laborers at work unloading material and laying track just as soon as the grading firm of Hayes Bros. complete their work.

New York State Shoot.
Syracuse, N. Y., June 11.—The forty-ninth annual tournament of the New York State Sportsmen's Association, which opened here today under the auspices of the Masonic Temple Gun Club, bid fair to eclipse all of the previous tournaments of the as-

The assembly advanced the binding twine plant measure for Waupun by a vote of 60 to 20, after a good debate by Cernahan, Kander, Norcross and J. O. Thomas.

This probably ends a gallant fight by Cernahan and J. O. Thomas for the proposition.

The Milwaukee school board fight was carried on to the floor of the assembly and the George substitute providing for a ward representative was voted down. The board of 19 elected at large is favored.

FRATERNAL ORDERS HOLD CONVENTIONS

[SPECIAL TO THE GAZETTE.]
New York, June 11.—The Great Camp of the State of New York, Knights of the Maccabees, began its annual session here today with headquarters at the Grand Hotel. The report of the officers show the affairs of the order in this state to be in a satisfactory condition, rapidly recovering from the effects of the readjustment of rates three years ago. It is expected that Great Commander J. B. McDonnell and Great Keeper of Records J. E. Dewey will be re-elected.

Foresters of Muskegon.
Muskegon, Mich., June 11.—The Catholic Order of Foresters in Michigan began its annual state convention here today with a large attendance of delegates and other visitors. The business sessions will last three days and will be interpreted with many features of social entertainment provided by the Muskegon lodge.

MICHIGAN VETERANS MEET AT BAY VIEW

Line of March Shorter Than Usual,
Many of Those in Attendance
Being Feeble.

[SPECIAL TO THE GAZETTE.]
Bay City, Mich., June 11.—All of them feeling the burden of their years and some of them extremely feeble, but with the same spirit of enthusiasm and patriotism that prompted them to go to the front forty odd years ago, the remnant of the Department of Michigan, Grand Army of the Republic, assembled in Bay City today for their annual encampment. The annual reports show that the ranks are being rapidly depleted by death and that it is but a question of a few years before there will be scarcely enough of the veterans left to hold their annual reunion. The Woman's Relief Corps and other auxiliary bodies also are in annual session and the number of visitors is very large. The program of the encampment covers two days and is along the same lines as in former years. Commander-in-Chief R. C. Brown is to be one of the principal speakers at the annual campfire. The line of march for the annual parade has been made shorter than ever before in deference to the wishes of the older veterans. All of the business streets are gayly decorated with the national colors in honor of the occasion.

ROOSEVELT PLANS LONGEST VACATION

Will Remain at Oyster Bay Until
September—Many Said Good-
bye Today.

[SPECIAL TO THE GAZETTE.]
Washington, D. C., June 11.—There were many callers at the White House today to say good-bye to the President, who will leave tomorrow for this summer home at Oyster Bay. According to present plans the President will not return to Washington until September, making it the longest vacation at Oyster Bay he has ever had there. It is his hope and desire, as expressed to some of his intimate friends who called today, to have a quiet summer and to do only the work necessary to keep the wheels of the government going smoothly. He will stay outdoors as much as he can, with the object of recuperating from the hard winter he has had. There will be some political conferences during the summer, but the President's plans now are to let politics alone. The President will be accompanied to Oyster Bay by Secretary Loeb and a clerical force the same as last summer.

COMMENCEMENTS AT WABASH COLLEGE

Seventy-fifth Anniversary Was Cele-
brated Today—Many Alumni
Gathered.

[SPECIAL TO THE GAZETTE.]
Crawfordsville, Ind., June 11.—The seventy-fifth anniversary of the founding of Wabash College was celebrated today in connection with the commencement week exercises. Many alumni and other friends of the college were present. The chief feature of the anniversary exercises, which were held this forenoon, was an address by John L. Wilson of Seattle, Wash. Another feature was the unveiling of a bust of the late President Kane. The graduation exercises will be held tomorrow and the occasion also will mark the inauguration of President Mackintosh.

South Carolina Varsity.
Columbia, S. C., June 11.—The commencement exercises of the University of South Carolina were held in the opera house this morning and were attended by visitors from all over the state. The address to the graduates was delivered by ex-Senator Edward W. Carmack of Tennessee.

[SPECIAL TO THE GAZETTE.]
Atlantic City, N. J., June 11.—Play in the second annual championship tournament of the Women's Eastern Golf association was begun today with a big field of well-known women contestants. Like the championship at Nassau last year, the competition is for thirty-six holes and medal play with eighteen holes today and eighteen holes tomorrow. On Thursday the tournament will be followed by the tri-city matches for the Griscum Cup, which is at present held by the women's golf association of Philadelphia.

TWELVE THOUSAND FIRE LADDIES MEET

Six-County Association of Pennsylv-
ania Holding Convention and
Tournament.

[SPECIAL TO THE GAZETTE.]
Mahanoy City, Pa., June 11.—Handsome arches span the principal street intersections and business houses and public buildings are handsomely decorated in honor of the Six-County Firemen's Association, whose annual convention and tournament opened here today for a session of four days. The association represents 12,000 local firemen and a considerable proportion of the membership is on hand for the gathering. The program offers many attractive features. Nine thousand men, with bands and fire apparatus, are expected to participate in the big parade Thursday. Horse races, hook and ladder contests and other competitions will be held and several hundred dollars in prizes will be distributed among the winners.

RETAIL GROCERYMEN IN STATE SESSIONS

[SPECIAL TO THE GAZETTE.]
Austin, Texas, June 11.—At the opening here today of the seventh annual convention of the Retail Grocers' Association of Texas members were in attendance from a large number of cities. President Max Bergman of Fort Worth called the gathering to order and delivered his annual address. Mayor Maddox was among those to extend greeting to the visitors. Committee reports occupied the greater part of the afternoon session. The convention is to continue three days, during which time there will be papers and discussions treating of numerous matters of importance to the retail trade.

Arkansas Retail Merchants.
Little Rock, Ark., June 11.—President C. J. Kramer called to order here this morning the sixth annual convention of the Retail Grocers' and General Merchants' Association of Arkansas. There was a good attendance of members from Fort Smith, Paragould, Pine Bluff, Hot Springs, Jonesboro and other cities of the state. A. T. Moody of Hot Springs responded to the greeting extended by Mayor Lennon. The remainder of the opening session was taken up with the address of President Kramer and the annual reports of the other officers. These reports were discussed at the afternoon session and following the discussion came addresses on trade topics by W. E. Mullikin of Pine Bluff, John H. Vaughn of Fort Smith and C. H. Hayes of Little Rock. The association will continue in session through Wednesday and Thursday.

ARMAMENT OF MILITIA IS ACCORDING TO GOVERNMENT

This Fact Sent Out By Washington Authori-
ties To Governors Of All
States.

[BY ASSOCIATED PRESS.]
Washington, D. C., June 11.—Acting Secretary of War Oliver has addressed identical letters to the governors of all states and territories having militia organizations, calling their attention to the fact that on January 21 of next year under the terms of the Dick militia act the militia organization must conform to that of the reg-

ular and volunteer arms of the United States. Therefore, Oliver suggests, it is the duty of the governors to take necessary steps to secure such conformity in their organization by the date named. Says Oliver: "Failure to meet this statutory requirement will result in the depriving of the state from the use of the allotment of annual appropriation of two million dollars for the support of the militia."

ORCHARD NOT CONFUSED BY ATTORNEYS FOR DEFENSE

Calmly Stands Before Jury And Draws Maps
Of Buildings Under Discussion
In Testimony.

[BY ASSOCIATED PRESS.]
Boise, Idaho, June 11.—Orchard resumed the stand in the Haywood trial this morning. The defense attacked Orchard's testimony as to dynamiting Fred Bradley, besides endeavoring to show discrepancies and improbabilities in it. They sought to make it appear that it had been inspired by Detective McFarland. Then the defense endeavored to discredit the story of the purchase of dynamite from the Judson Powder company, and the entire claim that a bomb was used by showing the walls of the Linforth building were blown outward, and that Bradley had been blown into the street. At the request of the defense Orchard stood before the jury and drew a diagram of the entrance to the Linforth flats.

For the first time since the cross-examination began, Orchard this morning showed decided emotion. It was when Richardson put the witness on the rack for his neglect of his two deserted wives. Orchard insisted Haywood and Pettibone had promised to care for his wife at Cripple Creek, but failed to do so.

MASS MEETING
DECIDES THAT
CITY CELEBRATE

FOURTH OF JULY PROBLEM IS
SETTLED BY LARGE
GATHERING.

FUNDS ARE NECESSARY NOW

Finance and Other Committees Will
Immediately Begin Their Work
for the Day's Doings.

At the largest mass-meeting ever held to promote a celebration it was decided that Janesville celebrate the Fourth of July this year in an appropriate manner. George McKee called the meeting to order and H. H. Bliss was elected secretary. A motion was made and carried that Janesville celebrate and then a general committee was appointed. The question of the celebration was decided upon, a civic parade in the morning, a "Nonesuch Bros." parade in the afternoon with the veteran Colonel Nonesuch Watt in charge and an automobile flower parade in the evening.

Many Sign
The Nonesuch Bros. afternoon parade was given an impetus by twenty-five of the gentlemen present signing an agreement to participate in the parade with an exhibit of some kind. Charles Ward offered three teams as a starter and the enthusiasm waxed high. Chairman Watt has called a meeting of his committee for Tuesday at 7:30 in his office in the Hayes block and all whose names are on his list are requested to be present. This is just a beginning of the work in this line and all persons who will participate in this parade are requested to hand their names to some member of the committee or Mr. Watt as soon as possible.

New Feature
A new feature is the automobile parade. The committee in charge of this important element of the day's pleasure will arrange for a flower parade or something novel and unique. The civic parade committee also have their hands full, but the most important of all is the Finance committee. Upon them depend the success of the whole day. Businessmen are urged to give liberally as the time is short to accomplish all that must be done. The following is the list of committees appointed. It will be noted that some names have been added to the former lists and the publication is taken as official notice.

The Committees
General committee—J. F. Wortendyke, chairman, George McKee, W. P. Sayles, Mayor S. H. Heddes, Charles Putnam, George Simpson, W. H. Greenman, Robert Bostwick, Jr., Charles Bostwick, E. R. SKIN DISEASE GERM
RUN DOWN AT LAST

Remarkable Result of Treatment With
a Doctor's New Prescription

When treating eczema and similar diseases with that mild, soothing liquid, D. D. D. Prescription, you avoid the gruesomeness of salves and the distress of dosing your stomach with chemicals that can have no effect whatever on the skin.
Thousands of letters from patients who have been cured show their happiness in finding a remedy that strikes at the root of skin disease—kills the germs. A few drops of D. D. D. Prescription gives instant relief. Then gradually the skin is cleansed and finally no trace of the disease is left.
"I can recommend you D. D. D. as a complete cure for skin diseases," writes Luther A. Carson, of Level Road, Ala.
"I cured me in ten days."
This remedy can be had at J. P. Baker's, Janesville. THE FIRST DROP WILL TAKE AWAY THE TERRIBLE ITCH. Get rid of your itch today.

THE JANESVILLE
POSTOFFICE IS
NOW FIRST CLASS

Older Employees Can Remember When
Change in Classification Rules Re-
duced Office to Second Class.

On July first the Janesville post-office will become first class, the gross receipts for the past year having exceeded \$40,000. For several years the receipts have been close to this amount but this year they passed the mark and elevated the office. Janesville now ranks with Milwaukee, Madison, Racine, Green Bay, Oshkosh, La Crosse and Superior. The older postal employees here can remember when the Janesville office was once before first class. It was when the latter specialties when classification figures were increased and the result for Janesville was a reduction to second class. Miss M. Louise Peterson was then assistant postmaster. Charles Patterson was clerk and Albert T. Kennett was messenger between the depot and the office. The present advancement increases the postmaster's salary from \$2,900 to \$3,000 per year. The Wisconsin city next in line for elevation is Beloit, whose postmaster now receives \$2,800, an increase of one hundred over the past year.

1907 FIRE LOSSES
IN THE BOWER CITY
AGGREGATE \$4,700

Exceeds Totals for Same Period in
Two Previous Years—Chief Recommends Prohibition of Wooden Bill-
Boards—Problem of the Fire-
Engine.

Chief Klein's quarterly report submitted to the City Fathers last evening contains some statistics and recommendations of more than twenty interest to those who are interested in fire protection, and the class includes almost everybody. The text is given in full.

To the Mayor and Common Council of the City of Janesville.
Gentlemen: Pursuant to and in compliance with charter provisions I herewith submit my quarterly report, as chief engineer of the fire department, and in submitting the same, it is with regret that I am compelled to inform you gentlemen of the council, that the fire loss so far this year, is greater than it was during the years of 1905 and 1906. The largest loss sustained this year, was on February 6, the same being at the Janesville, Main, Company plant. The loss by this fire in round figures, \$2,700. Of all the other fires the amount will aggregate \$2,000, making the total losses so far this year \$4,700. The total losses for the years above mentioned was about \$3,400.

Alarms Since January.
The department since the first day of January, has responded to thirty-three (33) alarms of fire, of which eighteen (18) were telephone or "still" alarms.
All of the regular fire wagons are at this time in first-class condition. The exercising wagon has undergone some repairs and to get the same in a safe condition further ones are needed, which will be done as soon as possible.

While some of the horses of the department have been sick this spring, I am pleased to report that they are all well at this time.

Condition of Hose.
The department has in service 5,900 feet of fire hose, which is classified as follows: First-class, 3,450 feet; second-class, 1,550 feet; third-class, 1,900 feet. This third-class hose will not stand much pressure, and should be replaced with new hose. I therefore will respectfully recommend that as soon as there is money available 1,000 feet be purchased.

In compliance with the order of the common council passed April 29, I have given to the street department 500 feet of fire hose. This hose at that time had a value of \$137.50, this amount being one-third of its original cost. I will request that the fire and water fund be given credit for that amount, from the general fund.

While engaged, recently, in testing the fire-engine, the suction pipe broke. This was reported to the mayor and a majority of the fire and water committee, who gave me orders to purchase a new one at once. I beg leave to report that the same has been complied with, and temporary repairs have been made to the old one.

Fire Well Didn't Work Well.
The fire well located in Milwaukee addition was tested recently, and did not work as it has in the past, by reason of the same drawing air. This well is all the fire protection that this district has. The fault might be in the old suction pipe, and I will again try this well when the new suction pipe arrives.

Wood Bill-Boards Should Go.
I will respectfully request that the building ordinance be amended, so as to prohibit the building of wooden bill-boards in the fire limits or down town district. These bill-boards are not only unsightly, but some people contend that they should be afforded the same privilege by being allowed to build a wooden structure of the same height that these bill-boards usually are. By amending this ordinance as requested above it will stop that cry of discrimination in the future.

New Nomenclature Confuses.
With all due respect to the order passed recently by the common council, in changing the names of a great many streets, I desire to say that as the fire department is concerned it is a serious mistake. The old names and numbers is, I fear, indelibly impressed on the memories of the firemen. Under the old system when a telephone alarm was received and the number of the street given, the firemen were almost able to tell the exact house. I fear under this new system, confusion is apt to follow.

94 ARRESTS DURING MAY

Standard Five-Foot Walk Ordinance
Defeated by City Council—Fur-
ther Regulation of Junk-deal-
ers—City to Build Five
Points Sewer.

When owners of property fronting on the slope of East Milwaukee street entered a protest against the measure, passed by the council several weeks ago, which provided for brick paving on that section of the thoroughfare and asked for reconsideration of the matter it was stated that the sort of paving on a 6 1/2 per cent grade would be a next to impossible proposition for teams and the alleged experiences of Waukesha, Baltimore, and Des Moines in being compelled to tear out work of the same sort on similar grades. The local authorities at once entered into correspondence with the city engineers of these and other municipalities and a sheaf of replies were read to the City Fathers last evening. Baltimore had never torn out any brick paving because it was found too slippery; regarded vitrified brick as the best material available outside of granite blocks; and found it satisfactory on grades as steep as 7 1/2 per cent. Des Moines had never torn out any brick for the reasons alleged and this sort of paving was giving entire satisfaction on 10 per cent grades. Waukesha had never replaced brick paving with macadam or any other material. Cincinnati had brick on grades running 10 feet to each 100. Columbus had a few grades as high as 9 per cent, but generally limited its brick paving to 5 per cent grades. Grand Rapids had as high as 8 1/2 per cent. Parkersburg, West Virginia, one 15 per cent grade. Sheboygan's experience did not include any grades over 6 per cent. Kansas City had no trouble with grades running from 6 1/2 per cent to 15 1/2 per cent, but recommended beveled brick with sand filler. From 30 to 45 bushels of sand could be hauled easily on the 7 per cent bricked slopes of East Liverpool, Ohio. Milwaukee had no difficulty with grades up to 8 per cent. Peoria's maximum was 12 per cent. Ald. J. J. Sheridan, chairman of the highways committee, moved that the protests of property owners against this proposed improvement be laid on the table and the motion was carried by unanimous vote.

Reports of Departments.
City Marshal W. H. Appleby's report for the month of May showed that there had been 94 arrests—10 for violation of city ordinances; 1 for cruelty to animals; 1 for adultery; 4 for assault and battery; 1 for insanity; 1 for larceny of the person; 1 for destruction of property; and 75 for drunkenness. Of those placed in custody 33 were taken to court and 42 discharged. Arrests were credited as follows: Appleby, 18; Bear 15; Bencke 12; Brown 12; Champion 3; Fanning 9; Morrissey 3; and Mason 8. Lodging was given to 46 men without work.

The municipal court during the month of May collected \$7.58 in fees, \$57 in fines, \$155 in penalties, and \$13.75 in city marshal's fees. The city's share of the fees, fines, and penalties was \$235.07, and this amount had been turned over to the city treasurer.

The board of education accounted for \$3,555.84 in orders issued during April and May. The April pay-roll of teachers was \$3,515.36.

The finance committee's report showed among other things a balance of one cent in the bridge fund. It was adopted.

City Treasurer James A. Fathers' report for the month of May was received and placed on file. Likewise the report of Chief Engineer Klein.

Assistant Street Commissioner Sheridan's report on new sidewalks needed was adopted and the walks ordered built.

Standard Walk Plan Beaten.
Alderman Sheldon called up for its third reading an ordinance establishing five feet as the standard width of sidewalks and permitting of no deviation. He said in support of his measure that there should be standard walks as well as streets; that the few dollars extra cost imposed no hardship on anyone; that it was sheer nonsense to build such footways as the one leading to the cemetery on which it was impossible for two women to walk alongside of one another without their skirts dragging in the grass; that the builders of the undersized walk on Liberty street already had cause to regret the move. Ald. O'Hara thought that the council could continue to vote down narrow walks whenever it was necessary. Ald. Merritt said that if the dirty four foot walk building was to continue provision should be made for "sidetracks" for baby carriages. The latter, however, introduced an amendment to Ald. Sheldon's hard and fast 5 foot

Ald. Bucholz introduced an order directing E. S. Thometz to remove a bath-house fastened to the foot of Fifth street, on the ground that it interfered with the flushing inlet and storm sewer. The city engineer did not believe that it could interfere with the flushing inlet, and Ald. Duffin said that the main sewer was a main next door to the bath-house and that the sewer was getting \$10 a year revenue from the owners of several neighboring bath-houses; that Mr. Thometz would willingly move whenever the construction of a pier at that point should be held over until the next meeting for investigation.

The clerk was directed to advertise for bids for furnishing in carload lots at the crusher-plant the best Hocking Valley coal, the same to be submitted by June 24; also to purchase a carload of crossing plants made according to the plans of the city engineer.

Repairs and Crosswalks.
The street commissioner was directed to build brick crosswalks on N. Main on the south side of N. First; on Washington avenue on the west side of Cherry; and on Riverside on the west side of S. Jackson street; to repair Cherry, Locust, and S. Franklin streets with gravel; to clean the sewers on North street from Jefferson to Linn, on Linn from Pleasant to Western avenue, on School from Center avenue to Linn, and on Jefferson from North to Western avenue, to repair with gravel Western avenue between Center avenue and S. Pearl street; and to repair with crushed stone the driveway back of the high school building.

On motion of Ald. Brown owners of property on the south side of Sharon street were granted permission to build a 4 1/2 foot walk.

All of the aldermen were present at the session.

Try Preventics, At My Risk
With Book on Colds.

Just to prove merit to show you how quickly Preventics can and will check colds or the Grippe—I will mail you free on request the same and my book. Simply address—Dr. Shoop, Racine, Wis. Preventics are thoroughly harmless little Candy Cold Cure tablets. No Quinine, no laxative, nothing sickening whatever. To check early Colds or Grippe with "Preventics" means sure defeat for Pneumonia. To stop a cold with Preventics is surely safer than let it run and be obliged to cure it afterward. Preventics will however reach a deeply seated cold. But taken early at the sneeze stage they break or head off these early colds. That is surely better—that is why they are named "Preventics." Promptness however is all-important. Promptness in the use of Preventics may save half your usual sickness. Feverishness, night or day, with child or adult, suggests the need of Preventics. measure, providing that the council could establish a narrower width, provided that it should never be less than 4 1/2 feet, in cases of emergency. Mayor Heddes spoke in favor of Ald. Sheldon's measure. The Merritt amendment was lost, only the sponsor voting for it. The ordinance to establish the five foot standard was then slaughtered by a vote of 6 to 4: Sheldon, Merritt, Bucholz, and Clark "standing by the guns," and Brown, Jones, Rehfeld, Duffin, O'Hara, and Sheridan holding out for "continued chaos" in walk construction.

Further Junk Regulation.
To the ordinance regulating pawn-brokers and dealers in second hand goods and merchandise, Ald. Bucholz introduced an amendment providing that no person licensed as a junk dealer shall operate more than one wagon or have more than one buyer on a wagon by virtue of one license, and stipulating that those shall be displayed in a conspicuous place on the vehicle a card certifying that the license has been paid; also that non-resident junk-dealers shall pay a \$5 a day license fee. This was in compliance with a petition presented by the junk men some time ago. The rules were suspended and the measure was given its third reading and placed on passage. An order directing the city clerk to secure the necessary tags or cards, was also passed.

Highways.
Plans for the curb and sidewalk lines on Pease's Court, submitted by the city engineer, were adopted.

The street assessment committee reported the completion of the grading work on Riverside and Stone streets by Contractor Ryan and its approval of the same. There is due \$410.30 for 1,492 cubic feet at 27 1/2 cents, \$582.10 to be paid from the special assessment fund and \$28.20 from the Fourth ward fund. The clerk was directed to draw an order on the treasurer for the latter amount.

By the provisions of a resolution introduced by Chairman Sheridan of the committee on highways and passed, the city clerk is to give notice by publication to the owners of property abutting on that section of N. Academy street which is to be macadamized to lay the sewer, water and gas service pipes in accordance with specifications herewith adopted within ten days after the said publication. Otherwise the street assessment committee is to procure the same to be done.

No property-owner availed himself of the opportunity to be heard in protest, and the plans, specifications, and final report of the street assessment committee on the proposed paving of the City Hall alley from Franklin to Jackson street at a cost of \$293.26 to the city (\$54.08 from the 1st ward fund), and the Lincoln school alley from Academy to High at a cost to the city of \$412.80 (\$95.79 from the 5th ward fund) were adopted.

Miscellaneous Business.
City Engineer Kerch's recommendation that the city proceed to lay the 42 inch sewer to drain the land at the intersection of Center Ave., Pleasant, Madison, and West Milwaukee streets, which the C. M. & St. P. Ry. Co. was to have constructed under the original agreement, was adopted by a motion. The street assessment committee is directed to push the work as soon as the plans shall have been approved by the railroad.

A motion to accept the transfer to the city by the Messrs. Tallman of the small park in the 1st ward after certain small defects in the deed of transfer should be eliminated, was passed.

Mayor Heddes was authorized to borrow \$5,500 to be placed to the credit of the general fund. The finance committee was directed to employ Harry Haggart, at an expense not exceeding \$75, to audit the treasurer's books for the year ending June 30. The clerk was directed to ask the banks to file bids not later than June 24 at 5 p. m. for the use of the city money during the year beginning July 1.

George McKee was granted permission to erect a 12x38 frame building on the property at No. 5 Prospect avenue. The judiciary committee was granted further time for the consideration of Kate Richter's damage claim.

Ald. Bucholz introduced an order directing E. S. Thometz to remove a bath-house fastened to the foot of Fifth street, on the ground that it interfered with the flushing inlet and storm sewer. The city engineer did not believe that it could interfere with the flushing inlet, and Ald. Duffin said that the main sewer was a main next door to the bath-house and that the sewer was getting \$10 a year revenue from the owners of several neighboring bath-houses; that Mr. Thometz would willingly move whenever the construction of a pier at that point should be held over until the next meeting for investigation.

The clerk was directed to advertise for bids for furnishing in carload lots at the crusher-plant the best Hocking Valley coal, the same to be submitted by June 24; also to purchase a carload of crossing plants made according to the plans of the city engineer.

Repairs and Crosswalks.
The street commissioner was directed to build brick crosswalks on N. Main on the south side of N. First; on Washington avenue on the west side of Cherry; and on Riverside on the west side of S. Pearl street; and to repair with crushed stone the driveway back of the high school building.

On motion of Ald. Brown owners of property on the south side of Sharon street were granted permission to build a 4 1/2 foot walk.

All of the aldermen were present at the session.

VERY SUCCESSFUL
SYNOD SESSION

ENGLISH LUTHERANS PLEASED
WITH CONVENTION HERE.

1908 MEETING IN RED WING

Delegates to General Council of
Church, Which Convenes in Fall,
Elected Yesterday Afternoon.

All remaining business to come before the English Lutheran Synod of the Northwest was brought up yesterday afternoon and disposed of and a sine die adjournment taken. At the close of the session several delegates did not express themselves as considering the present convention, which was called to order last Wednesday, as one of the most successful in the history of the synod. All matters were carefully weighed before decisions were made, much was accomplished and the various addresses were highly inspiring. The visiting pastors and laymen expressed their appreciation of the entertainment tendered by passing resolutions, thanking those who acted as hosts, the ladies of the church for the dinners furnished each noon, and the choir for assisting in the service.

Two Invitations for 1908.
Two invitations for the 1908 convention were received. One was from Duluth and the other from Red Wing, Minn. The latter, which was extended by President A. J. Reichert, was accepted and the synod will meet in Eighteenth annual session at Red Wing on the second Wednesday after Trinity Sunday, next year.

Delegates from the synod to the General Council of the church in America were also elected yesterday afternoon. Those chosen are Rev. A. J. Reichert of Red Wing, Rev. W. K. Erick of Milwaukee, Rev. J. C. Cohart of Plattville, State Senator Victor Johnson of Lindstrom, Minn., Hon. C. A. Smith of Minneapolis and Frank C. Hensing of Milwaukee. The latter is an actuary of the Northwestern Mutual Life Insurance company.

Men Needed Worse Than Money.
From the tone of one resolution adopted by the convention it would seem that the church needed men to act as missionaries worse than cash. The action referred to concerned the securing of field-workers for North and South Dakota. In these two states there is an immense Lutheran population which is rapidly becoming anglicized, and unless English Lutheran pastors can be put in the territory hundreds will be lost from the church. Another resolution that was passed recommended to the joint church book committee of the English Lutheran church in America that immediate steps be taken to provide and authorize a common service and hymnal. At present the churches all over the country use the same lyrics but have different airs for these.

SCOVILLE TO BEGIN
WORK IN THE CITY

Enthusiasm in the Revival Meetings
Continues to Grow
Daily.

Public interest in the evangelistic meetings at the Rink continues at full tide. The arrival of Dr. Scoville to take the leadership finds a host ready to follow him. The work of Ullom and Smith has laid foundations and the superstructure now begins to go up. Unless Janesville differs from other towns large achievements may be expected. And observation confirms the conclusion that our brand of sinners and saints is much like the samples we have seen elsewhere. Dr. Scoville is accompanied by his wife, by Mr. Van Camp and Mr. and Mrs. Betts, all helpers in the work. The song service begins at 7:30 o'clock. The music is one of the most attractive features of the campaign. Mr. De Loss Smith continues as soloist and his superior in song evangelism is not to be found. His voice will thrill and melt and stir even human pachyderms.

Who is Charles Reign Scoville? He is a man on the sunny side of forty. His birthplace was Indiana and like most of the preachers he grew up on a farm where the sky was blue and high above his head a rural expanse of Lissie-building rural expanse. He went away to school. He worked his way through the Angola Normal school by dint of fire-building.

Of Interest To Women.

To such women as are not seriously out of health but who have exacting duties to perform either in the way of household cares or in social duties and functions which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nerve. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeon's knife would be believed seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a MEDICINE OF KNOWN COMPOSITION, a full list of all its ingredients being printed in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of women's peculiar weaknesses and ailments and sold through druggists, the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

CUT AND DRIED

One of the new aldermen objects
to the fact that all the proposed leg-
islation by the council is cut and dried
before the council meets. That the
old idea of the government by council,
that of free debate and free speech
is curtailed. This is too true in every
line of legislation today. A few
men prepare the plans for the session
and push them through. In the state
legislature in the house of representa-
tives at Washington and in the United
States Senate a few men lead in the
passage of measures. Why? Be-
cause they push ahead and become
the leaders. The old idea of govern-
ment by the people is not lost sight
of; it is merely that a few men are
clever enough to swing matters their
way without much effort. Once in
awhile a public office-holder says, as
did the new alderman: "Everything is
cut and dried before the session," and
then a new alignment is made and
the old style of free speech and free
government comes back.

THE CELEBRATION

Janesville has decided to celebrate
the Fourth in a proper and fitting
manner. The fact it was decided upon
at a mass-meeting at the city hall
last evening does not end the matter.
It only begins it. For the next three
weeks it must be good hard conscien-
tious work if the affair is to be a suc-
cess. The principal feature is raising
the money and every merchant and
business-man is earnestly requested
to subscribe liberally to the fund that
will be necessary to accomplish the
desired result. Bands must be secured,
professional entertainers engaged,
decorations bought and the Nonesuch
Brothers and Advertising committees
furnished enough money to complete
their work properly. The finance com-
mittee will doubtless visit you today
or tomorrow and you are requested to
deal liberally with them.

TAFT'S VISIT

Taft has visited Wisconsin. He
spoke to a representative body of citi-
zens in Janesville yesterday morning.
He addressed the students of the Uni-
versity at Madison and visited and
spoke in Milwaukee in the evening.
While his visit had no political sig-
nificance and was merely a visit to
the state at the request of warm per-
sonal friends, Mr. Taft made a host of
warm supporters who will be more
ready and willing to work for his nom-
ination than if they had not personally
seen and heard him. Mr. Taft is one
of the strong men mentally of the na-
tion. He is a man whose size has
been much maligned and the misrep-
resentation has been due to the car-
toons rather than to any feeling of
personal enmity. In Janesville he left
a good impression and the gentlemen
who were fortunate enough to hear
him speak from the end of the car
were more than pleased with him.
Then here's to Taft, the next republi-
can candidate for the Presidency.

The poor forlorn straw hat. The
cool summer breezes offer no charm
for the wearer to dare public scorn
or the brave individual who dares to
wear one.

Still unsettled is the report that
comes from Jamestown. Too bad
that after waiting three hundred
years to celebrate it would not have
been ready on time.

Japanese papers plan to whip Uncle
Sam. It is easy to do this on paper.
Spain tried it once, but forgot the
recipe before it got fairly started.

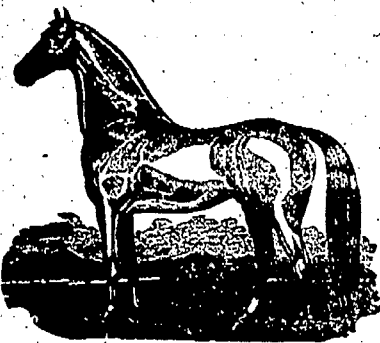

If Steve Adams tells half as bad a
story as did Harry Orchard the re-
cital of crime in Idaho will be better
than any time novel ever written.

Chicago is wondering what will hap-
pen when that cigarette law really
hits the Windy City.

Three weeks more and the legisla-
ture of 1907 will have passed into the
realm of yesterday.

"WHAT'S THE USE"

of paying twice as much for your dental work as is necessary?

By going to Dr. Richards you can get the very finest grade of work obtainable in the city and his prices don't jar you.

Just this morning one of his patients said he had inquired elsewhere and by having Dr. Richards do the work he had saved just \$15.50 on the job.

It was no cut rate business, either. Just his regular prices for good honest dental work.

In these days of high living expenses wouldn't it be wise on your part to see Dr. Richards about your needed dental work?

STRUCK BY TRAIN LASTNIGHT; FOUND IN THE MORNING

Such is Thought to Have Been Plight of William Dillon, Picked Up Beside Track in Comatose Condition.

As a Chicago, Milwaukee & St. Paul freight from the north was pulling into the city between six and seven o'clock this morning, Conductor Thomas Brennan spied the body of a man lying beside the track in the neighborhood of the Hanson Furniture factory. He immediately put his freight in the yard and through Yardmaster J. J. Kelly secured the switch engine to pull his coach, which is used as a caboose, back to the scene of what seemed to be a tragedy. The train and switch engine crews found the supposedly dead man alive and in a semi-comatose condition. He was partially roused and mumbled that he had been hit by a train last night.

Residents of the neighborhood gathered about the place and identified the injured man as William Dillon, who, though not listed in the city directory as a resident, is a Janesville man. One of the spectators, Arthur Metzinger, is said to have heard a man scream about nine o'clock last night but thought nothing of the occurrence.

Dillon was placed on the car and taken to the passenger depot from where Russell's ambulance conveyed him to Mercy hospital. There Dr. T. W. Nuzum attended. The physician found a cut on the forehead; a scalp wound on the back of the head and numerous bruises and small gashes about the head and body. It is not thought that any of these injuries will prove serious and Dillon will probably be transferred to the county house.

Of course particulars of the accident will not be known until Dillon recovers enough to tell his story, but it is believed from the evidence at hand that he was struck by the north-bound passenger which left Janesville at 5:55 last night. If such is the case Dillon lay beside the track all night and will probably suffer as much from the exposure as from the injuries, being a man of about fifty years.

OFFER PRIZES FOR THE BEST NET SCORE

Golf Club Management Will Increase Interest in the Game by Prize System.

This evening the second of the net dances will be given at the Sinissippi golf club house under the auspices of the House committee. PRETTY WEDDING AT ST. MARY'S CHURCH

Miss Elizabeth Marasek Weds Maurice Dalton at Eight This Morning.

This morning at eight Miss Elizabeth Marasek was united in marriage to Maurice Dalton by Rev. Fr. Goebel at St. Mary's church. The bride was attended by her sister, Miss Anna Marasek of Eau Claire, and the groom was attended by James Reilly as best man. Immediately after the wedding ceremony a wedding breakfast was served at the home of the groom's parents on West Milwaukee street, followed by an informal reception. Mr. and Mrs. Dalton will leave Wednesday at 11:45 for St. Paul and Minneapolis, stopping in Eau Claire, the bride's old home. They will return to Janesville and make their home on Jackson street. The bride has been employed at the Hotel Myers for several years and her hosts of friends, residents here with many handsome presents for her new home. Mr. Dalton is employed at the Marzluft Shoe factory, and is one of the popular young men of the city.

MORTUARY NEWS.

Andrew J. Wadsworth. St. Paul railroad conductor and former resident of Janesville, died at Waukesha yesterday afternoon. He is survived by a wife. The remains will be brought to this city for burial.

Frank C. Cook. The funeral of the late Frank C. Cook will be held from the residence, 303 Court street, at three o'clock Thursday afternoon. Rev. R. C. Denison will conduct the services and interment will be made in Oak Hill cemetery.

Anton Behrendt. Funeral services over the remains of the late Anton Behrendt were held from the home of his daughter, Mrs. A. H. Kienow, corner of Garfield and Wheeler streets, at two o'clock Sunday afternoon. Rev. R. C. Denison officiating. Military rites were performed at the grave in Oak Hill cemetery by the officers of W. H. Sargent Post, G. A. R., and members of the organization acted as pallbearers.

Mrs. Ann Murty. The funeral of the late Mrs. Ann Murty will be held from St. Mary's church at nine o'clock tomorrow morning.

Miss Kate Conley. The funeral of the late Miss Kate Conley was held from St. Patrick's church at nine o'clock this morning. Rev. James J. McGinnis officiating. Four cousins and two nephews acted as pallbearers—Joseph, James, Daniel, William, John and Harry Conley. Interment was in Mount Olivet.

How Much Do You Spend Every Year For Cigars?

You buy a lot of cigars in a year's time, don't you? How many of them are good and how many are bad?

If it's too much trouble to figure that out, at least you can estimate how much you'd save and how much more enjoyment you'd get if you could be sure beforehand that every cigar you buy would be a good one.

We have solved your problem by stamping the "Triangle A" on the boxes of the best cigars made.

We know that by making this "Triangle A" mean "good cigars" to you (and we have to prove it with the cigars alone) we get your continued patronage.

Isn't it plain enough that we MUST produce cigars that prove our claims?

The American Cigar Company cannot jeopardize its interests by misrepresenting qualities and leading the public to expect better quality than is actually in the cigars themselves. The "Triangle A" really means better cigars for you—and you'll find the proof worth seeking.

For convincing proof of the better quality for which the "Triangle A" stands try

The New CREMO

Every box is extra-wrapped with glassine paper, sealed at each end with the "Triangle A" merit mark, assuring cleanliness and proper condition.
